

We're here to help

Transitions by Greenhouse is a business unit of Greenhouse Marketing, Sales & Recruitment. We work exclusively in the senior living sector to assist operators with the Resident relocation process when a retirement residence is closing. Our team of experienced Transition Consultants provide end to end service and support to Residents and Families after the announcement of a closure. Each Consultant is a seasoned professional from the senior living sector. We are contracted and compensated directly by the owner/operator of the retirement residence that is closing.

What do we do?

- An experienced Transition Consultant will be assigned to work directly with the Residents/Family to discover:
 - The location and type of residence that best suits the individual
 - The budget and the type of suite that is preferred
 - The health care and service package needed
 - Any food preferences, hobbies and friends of the Resident
- Based upon what the Resident is looking for in a new home and the comprehensive information we have gathered, we will present various options, but the final decision is that of the Resident/Family.
- Our level of involvement is based on an individual's preference – we can simply provide the information, we can book tours & arrange transportation, or we can even accompany Resident/Family on tours.
- Once a decision is made, we will work with our professional packing and moving partners to provide the smoothest move possible. All of these services are provided at no cost to the Resident/Family.
